

SPEAKER | KEYNOTES AND LEADERSHIP SESSIONS

Lisa Petrilli

Leadership at the level AI can't reach.

FORMER FORTUNE 500 EXECUTIVE · FOUNDER OF TRUE SELF™ LEADERSHIP

Lisa Petrilli led a \$750 million Fortune 500 healthcare business, founded the healthcare industry's first corporate-owned executive leadership institute, and served as Chief Relationship Officer to more than 250 CEOs. Today she equips executives with the clarity, discernment and grounded presence that no algorithm can replicate. She delivers the talk your leaders didn't know they needed, and changes how they lead long after they leave the room.

Signature Talks

TALK 1

The Skill AI Cannot Touch

Why True Self™ Leadership is becoming the defining competitive advantage of the next decade.

- Why the skills that built your career are the ones AI is learning fastest
- The clarity, discernment and grounded presence that no algorithm can replicate
- The difference between reacting and truly knowing, and how it changes every decision

TALK 2

Beyond the Crest

Why so many successful leaders feel something is missing, and what it takes to reach the summit.

- Why reaching the crest of your career is not the same as reaching the summit
- The pattern beneath the pattern: why insight alone doesn't change how you lead
- What changes when leaders lead from their Higher Self rather than their personality

TALK 3

The Other Half of Your Power

For accomplished women leaders who succeeded with half of their power and are ready to lead with all of it.

- Why so many women built their success using only half their power
- What the other half is, and why it has been there all along
- What changes in influence, decisions and negotiation when women lead with both

Pairs with the eight-week True Self™ Power Program.
